Dear Ms Test

Please find enclosed your recently completed Care Plan which we have written based on information you have given us, or that we already have. If you would like any part amended, do let us know.

Your usual GP, Dr Tom Cahill, still has overall responsibility for the care and support that we provide you. You can also access our care co-ordinators based at the practice to link with other health professionals involved in your care.

If you are going into hospital, and are happy to share this information with other Health Care providers, please ensure you take this folder with you.

If you have any queries or concerns, please don't hesitate to contact the Care Plan Coordinating Hub on 07517 863938.

Please ensure that you keep this document in a safe place.

Yours sincerely

**On behalf of
The Care Plan Coordinating Hub**
